Regulations

1. The total number of credits required for graduation is 128, including 28 university-required credits, 9 college-required credits, 59 department-required credits, and 32 professional elective credits.
2. Students in their first to third years may take 16–25 credits per semester, while fourth-year students may take 9–25 credits. Detailed regulations are governed by the University Academic Regulations.
3. In accordance with the University's implementation guidelines for Chinese proficiency, English proficiency, information technology competency, and physical fitness, students must pass all required assessments to be eligible for graduation.
4. Students must satisfy the assessment standards stipulated in the Department's "Implementation Guidelines for Professional Competency Assessment" in order to graduate. In addition, certifications obtained by students who pass the University's "Implementation Guidelines for Student Information Competency Assessment" shall also be recognized by the Department as certifications of fundamental workplace information application skills.
5. Students may take courses offered by other departments that are not available in this department. Credits earned from such courses and approved by the department may be counted toward professional elective credits of this department for up to 8 credits. Credits earned from interdisciplinary programs may be counted separately. Students may also take courses at other universities that are not offered by this department; however, this is limited to one course only. Credits earned shall be included in the calculation of external department elective credits. Enrollment in courses at other universities shall be handled in accordance with the University's "Implementation Guidelines for Inter-University Course Selection."
6. Students participating in the Ministry of National Defense Reserve Officers' Training Corps (ROTC) who have completed required training and obtained certification may apply for exemption from internship courses. Students applying for a full-semester internship exemption must complete registration and enroll in additional courses totaling at least 3 credits during that semester.
7. For internship courses, each credit shall correspond to a maximum of 80 internship hours.
